Together – what could be better?!

Dear friends of go4peace,

He had to make every journey on foot. There were no cars 2000 years ago. He, Jesus of Nazareth, would not be able to spend much time on earth. So, he thought about how he could reach the many people he cared about. It was impossible for him to go to all the villages himself. Thus, an idea arose from his divine imagination.

He, who came from divine love, would be present wherever people met each other in that love. He promised his friends to be with them when they came together in his name, which is love." (Mt 18:20) It takes at least two people to allow for Jesus' space to open up between them. This was the experience of the disciples after the resurrection of Jesus. In the light of this experience, they understood why Jesus had always sent them in pairs to the many villages. Even though he could not be seen with his eyes, he was there as a person.

Would you like to have this joyful experience? Then find one or two people who have the same desire in their hearts. Try to be totally open and honest with each other and help each other in the things that life demands of you. Meet again and again and listen carefully to each other. Then Jesus will be with you and give you the light and joy you need in any situation life throws at you. Have you got someone in mind already with whom you would like to go this way?

Here is Tomáš's experience. After Christmas I went to visit friends and I stayed with them for a few days. We made a lot of time for each other. We took long walks, planned the go4peace year together and sat by the fireplace again and again. My soul was full of joy. A lightness and deep peace filled me. As I sat on the bus back to the Czech Republic, I realized that Jesus was with us all the time. I wanted to follow him. I decided to continue living these vibrant relationships with friends. We speak to each other on the phone regularly and live - at a distance - with Jesus among us. **Together, what could be better?!**
