

Kamen, 11.04.21

Dear friends of go4peace!

We hope, you all are going well in these still difficult times. As we already mentioned in our last meetings, on the **29th of May, 21** we will have our next social day. Our group is very excited and happy, to stay together with you on this day.

It's a chance for us to "keep the fire burning" and live together the reality of "Jesus in our midst". The last social day was a fantastic event and we got a lot of positive feedback and now we hope this next social day will be an amazing day with a lot of sharing, joy and peace.

For this day we also decided to prepare the program for a second time in an online layout. It's safer for all of us to stay connected **via internet** because of the situation with the Covid-19 Virus. We will see each other on zoom.

What is important to know? The next social day will have a bit different program. We will have 2 big international zoom meetings. (time table is also in the Email)

From **10 a.m.- 12.15 p.m.** we start the first big meeting together with the welcoming and morning impulse and some other program points.

After 12.15 p.m. you are invited to do your own local workshop. If you are filling out your registration form, think about, what you can do and write a short description about your idea for an own social activity. It's your decision to prepare it for your own, with another person or in small groups (depending on the Covid-19 rules of your region). You decide what you do, where you do it, when and how long you do it and with whom you do it. **So, the whole organization for this workshop will be done by yourself.** It doesn't have to be a very big workshop, you can make also smaller things, a small action. It can be a chance for all of us to be creative and do something for other people, to love and to build bridges. In the free-time you can also do what you want, for example cook, clean your house or other things. This period of time (from **12.15 p.m.- 8.p.m.**) is free for you to plan and organize. If you need some small financial help for you workshop, please send us an E-Mail.

Our next big zoom meeting will be in the evening from **8.p.m. – 9 p.m.** For this meeting we also prepare some program points.

What do you have to do now?

1. Download the App "Mentimeter" and "zoom" (if you don't have it yet)
2. Plan and organize your workshop/social activity
3. Fill out the registration form (you find it also in this Email) -> please send it back to the 16th of May
4. If you register yourself but you cannot participate, please don't forget to give this information to us!
5. If you make some experiences and want to share them, don't forget it!
6. Start to think, if you will join the next digital summer camp 2021 (from the 3rd to 8th of August)

We are very happy to see you on the 29th of May! If you have some questions, write us an E-Mail to info@go4peace.eu

Many greetings,

Paulina from the go4peace team
